DEPARTMENT OF INTERNAL MEDICINE

National Minority AIDS Education and Training Center

National Native
HIV/AIDS Awareness Day Symposium

Saturday, March 20, 2010
9:00am – 6:00 pm
(Continental Breakfast & Registration start at 8:30am)

Cobb Lounge
Charles Drew University of Medicine and Science
1731 East 120th Street, Los Angeles, CA 90059

Objectives

Upon completion of this program, participants should be able to:
1. Identify distinct challenges as it relates to prevention and progression of HIV/AIDS among American Indians/Alaska Natives/Native Hawaiians
2. Understand how specific cultural competency/fluency and traditional medicine methods impact to prevention and progression of HIV/AIDS among American Indians/Alaska Natives/Native Hawaiians
3. Apply principles of cultural competency/fluency from the BESAFE model to identified challenges for Native populations as a way of improving the interface between Traditional Healing and Western Medical approaches
4. Analyze the application of Evidence Based Interventions (EBIs) in communities of Native people
5. Evaluate the utilization of the Traditional Medicine and Western Medicine Paradigm within your organization
6. Develop tailored treatment plan based on a design case study inclusive of American Indians, Alaska Natives, and/or Native Hawaiians
