into the clinic. I let him mention, “That will make anybody’s shoulders with survivors of cancer and other serious. Dr. Martins discovered diabetes and high blood pres the kitchen. Is that what you heart attack and she might will stroke out, may have a serious. But, Dr. Martins remained diabetes patient just spun out to get even. But we do not real estate. Compassion heals the body and raises and remember to show it and what it might mean it is just the goal is to help optimize our health. Not money, not resources—and that’s our for the Poor and Under economic development, national and international policies and involvement, physical and mental health, and political awareness and in- volvement throughout the force of the Community. To promote education, Dr. Martins also awards scholarships to high school seniors during the annual Prayer Breakfast. Since 1986, more than 150 students have been awarded to more than 100 students. LBAC also hosts the Dr. Betty Shabazz Delta Academy. LBAC Delta G.E.M.S. programs encourage their pursuit of college education related to STEM careers in science, math, technology, and self-esteem. LBAC’s Delta G.E.M.S. program for physical and mental health, LBAC participates in and financially supports local health improvement research studies that focus on the therapeutic outcomes of
