For over 40 years, Charles R. Drew University of Medicine and Science has educated health care professionals in our community and excelled as a medical research facility. In October 2010, we started the Mission Maker campaign. We asked our senior administrators, faculty and staff to act as Mission Makers by each making an annual gift to help strengthen our institution. The response has been gratifying. You too can help Charles Drew University to continue to produce well-trained healthcare providers. We hope that you will choose to become a Mission Maker!

We don’t do this alone. The California Endowment, UCLA, USC, Cedars-Sinai Medical Center, Catholic Healthcare West and Kaiser Permanente have joined with us to help secure our future. Please help us continue to produce skilled graduates who are recognized for their dedication and compassion. Your tax-deductible gift can provide scholarships for qualified students, upgrade our labs, and provide professional development for our outstanding faculty.

Our mission to educate doctors and nurses, engage in cutting edge medical research, and provide clinical services in our most needy communities is more important than ever. Your support is critical. We know that you believe in the importance of providing quality healthcare to everyone. Your gift to Charles Drew University will help to ensure that we can continue to teach compassion and care along with technical training.

With your help, Charles Drew University will continue to build healthy communities and train healthcare professionals who are dedicated to providing care to under-served populations. If you plan to make a donation, please complete the attached Mission Maker pledge card. For more information, please contact Blanch Ross, MPA, in the Office of Development at (323) 563-4992 or by email at blanchross@cdrewu.edu.
