Mervyn M. Dymally School of Nursing

Master of Science in Nursing-Entry Level

The Master of Science in Nursing- Entry Level Master's Track is designed for applicants holding a baccalaureate from other fields. This allows pre-licensure nursing students to study basic nursing knowledge and science at the graduate level concurrently with graduate core content to prepare for licensure as a registered nurse. Students graduating from the ELM track will be able to assume the role of a direct provider of care, nursing, and administrator or nursing faculty member.

Application Requirements:

- A Bachelor degree from a regionally accredited college/university (see below requirements for international students)
- Official transcripts from all regionally accredited post-secondary schools attended
- Minimum GPA of a 3.0 on a 4.0 scale
 - Applies to Cumulative GPA
 - Applies to Science GPA
- Complete all prerequisite courses with a grade of "C" (**Science prerequisite courses "B" or better**) or better prior to matriculation. *Science prerequisite courses must be taken within (7) years of the submission of application.
 - English (3 units)
 - Sociology (3 units)
 - Psychology (3 units)*
 - Nutrition (3 units)
 - Human Anatomy with lab (4 units)*
 - Human Physiology with lab (4 units)*
 - Microbiology with lab (4 units)*
 - Statistics (3 units)
 - Speech/ Communication (3 units)
- [Official HESI Admission Assessment \(A2\) Exam](#)
