The reason why I chose to attend Charles Drew University (CDU) was mainly because of their commitment to social justice in health care. I attended several other interviews during my Masters of Physician Assistant application process and none were like CDU. After my interview with CDU, it just felt right and I knew that that's where I wanted to receive my education and training. Thus far, CDU has exceeded my expectations! During my orientation at CDU, I was impressed with everyone's sense of pride for the school and its history. I feel very excited and proud to be part of the CDU family!
